

Tuition Partnership Program

Fall of 2018

What: V-TEK, Inc. is offering a tuition partnership program for Full-Time SCC Mechatronic students. This program will reimburse students for 50% of their class costs up to \$3,500 per semester.

Who: V-TEK, Inc. through its V-TEK and Royce Instruments product lines is a leading manufacturer of precision packaging, inspection and bond testing equipment for the electronics, automotive, aerospace, medical, micro-molding and micro-stamping industries. For over 30 years, V-TEK has been a major provider of precision packaging services, supplies and rework/inspection. With a high performing, dedicated and innovative team, V-TEK is known globally for its superior service, technical support, customer satisfaction and quality, with locations in Minnesota, California and Mexico.

Why: This is a paid internship, starting at \$12.00 an hour. This internship also gives you hands on experience in the Mechatronics field. We as well offer a flexible schedule that will allow you to focus on your academic goals. As we grow we need trained, skilled and talented individuals to assist in not only building equipment, but also to challenge and improve our processes so we can continue to be a global leader.

Eligibility: Applicant is required to be a full-time SCC Mechatronics student. They must maintain a "B" grade point average and must be willing to work a minimum of 15 hours per week.

Reimbursement: Will be made upon successful completion of the semester and the eligibility requirements.
